

# PECHA KUCHA PRESENTATION

By Kym Toporowski

I imagine...

IMAGINE

A black and white mosaic artwork. In the center is a circle containing the word "IMAGINE" in a serif font. Surrounding this central circle are numerous rays of varying lengths and widths, creating a sunburst or starburst effect. The entire composition is made of small, square mosaic tiles. The background between the rays is dark, while the rays themselves are light-colored.
